# HONEYWELL NORTH® PRIMAIR® 900 SERIES PA900 HEADGEAR

The Honeywell North® Primair® 900 (PA900) Series Headgear range is Honeywell's newest, ergonomic, lightweight headgear offer for dusts, gas and chemical working environments. The PA900 is engineered around three core pillars: Comfort, Ease-of-Use and Ergonomics, all while designed to feature the highest protection levels and PPE compatibility with the end user front of mind.

## WHY PA900 HEADGEAR?

The Honeywell North® Primair® 900 (PA900) Series Headgear range is focused on providing an all-in-one eye, head, & respiratory solution while delivering best-in-class ease-of-use, comfort, and efficiency. These themes are universal across the entire Honeywell portfolio and the PA900 Series Headgear is no exception.

The Honeywell North® Primair® 900 (PA900) Series Headgear range is designed to accommodate a wide range of needs, industries and applications. Comprised of versions in Headcap with faceseal, and various Hard Hat styles, with a selection of shroud options, the PA900 Series is lightweight, easy to don and doff, and easy to use and maintain.

## PA900 HEADGEAR: PAPR COMBINATIONS

The Honeywell North® Primair® 900 Series headgear is designed for use with either the Honeywell North® Primair® 700 Series belt mounted Powered Air Purifying Respirator (PAPR) paired with the PA900 Breathing tube, PA032.

The Honeywell North® Primair™ 700 (PA700) Series PAPR is Honeywell's most configurable PAPR for use with filters or cartridges and designed with convenience, comfort, and confidence in mind.
