

Poly General Purpose Absorbents - Pads - Rolls - Mini Booms / Socks

When you need a universal maintenance absorbent that is great value for money, our Poly GP range is perfect.

Made from virgin resin polypropylene, our absorbents do not have recycled content that can compromise strength and chemical resistance.

The heat welded dimples make sure you turn your liquid hazard into an easily managed solid fast. The spun bonded laminate provides extra strength and prevents shedding.

They are suitable to use with a wide range of chemicals including hydrocarbons, agricultural chemicals, coolant and even battery acid.

SPECIFICATIONS				
Item Code	Description	Size	Grade	UOM
GP403	Pads, dimpled, laminated, perforated	480x430mm	400gsm	100/bale
GP410	Pads, dimpled, laminated, perforated	480x430mm	200gsm	100/bale
GR411	Roll, dimpled, laminated, perforated	50mx500mm	200gsm	Each
GR412	Roll, dimpled, laminated, perforated	50mx1m	200gsm	Each
GC405	Spill containment pillow	450x450mm		10/pack
GB412	Spill containment boom	1.2mx75mm		10/bale
GB430	Spill containment boom	3.0mx75mm		10/bale

FEATURES

- Super absorbent polypropylene micro-fibres suitable for all non-aggressive chemicals.
- Can also be used with some acids and bases including battery acid.
- General purpose absorbents are made from 100% virgin resin polypropylene.
- Contains no recycled contaminants that can reduce strength, absorption and chemical resistance.
- All pads and rolls are laminated with low-lint spun woven cover stock.
- Pads and rolls in this range have heat bonded dimples for fast absorption.
- Pads are perforated to reduce use for small spills.
- The easy-tear perforation on all rolls make them convenient to use. Just tear off what you need.
- Colour coded grey for easy recognition and fast response.
- Dispensing boxes available at additional cost.
