

## PRO-WEAR® ARC FLASH PROTECTION PREMIUM COAT AND PANT KITS

8 - 12 CAL/CM<sup>2</sup>

### ARC FLASH SAFETY PROTECTIVE EQUIPMENT

**8 & 12 CAL/CM<sup>2</sup> KITS** - Salisbury's line of Pro-Wear® arc flash protective apparel has expanded to include HRC2 Coat and Pant Kits. These new kits provide everything needed for eye, face, head and body protection and are available in several configurations to make ordering easier and more convenient.

As with all products that carry the Salisbury by Honeywell Pro-Wear® name, the HRC2 Coat and Pant Kits are made from industry leading materials. The HRC2 Coat and Pant Kits contain premium grade garments that offer increased breathability and comfort. The face shields are made utilizing nanotechnology which produces a clearer, more transparent window, thus improving user visibility. Additionally, the ventilation ribs featured on the face shield unit allow a natural convection air flow through the top of the face shield. This reduces fogging of the visor, lowers CO<sub>2</sub> levels and improves comfort for the user.

Standard sizing includes size S-3XL. Other sizes are available by special order.

| CAT NO. | DESCRIPTION |
